---

Having 21 years of experience in advertising, marketing and talent industries, Larry Freeman personally models his message of transforming your passion from part-time play to professional prominence with proper pay. **“MasterMinding Your Measure & Message to the Marketplace”** teaches you how to see your God-given talent, sharpen your craft, secure your position and share its message to the marketplace so you can safely open the window to your blessings, which you won’t have room enough to receive. You will be empowered to attain, maintain and sustain your predestined measure of prosperity for yourself and future generations, as well as distribute its message with successful reach, relevance and Return on Investment (ROI).

**“MasterMinding Your Measure & Message to the Marketplace”** is recommended after **“BIBLE™ Lessons for Deliverance of a Better Business Plan”** and both are predecessors to our **“M.A.D.E.™ in the USA”** system, which strategically combine to guarantee your business success in today’s technology-driven marketplace.
